

The Meuse as source of drinking water

HARINGVLIET

Abstraction: Evides

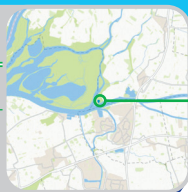

Profile: Dune infiltration

BERGSCHÉ MAAS

Abstraction: Evides/WBB

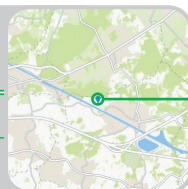

Profile: Reservoirs in the Biesbosch

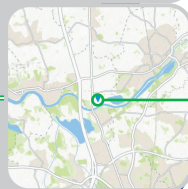

ALBERT CANAL

Abstraction: water-link

Profile: Provides 40% of Flanders with drinking water (also through deliveries to Watergroep, Farys and PIDPA)

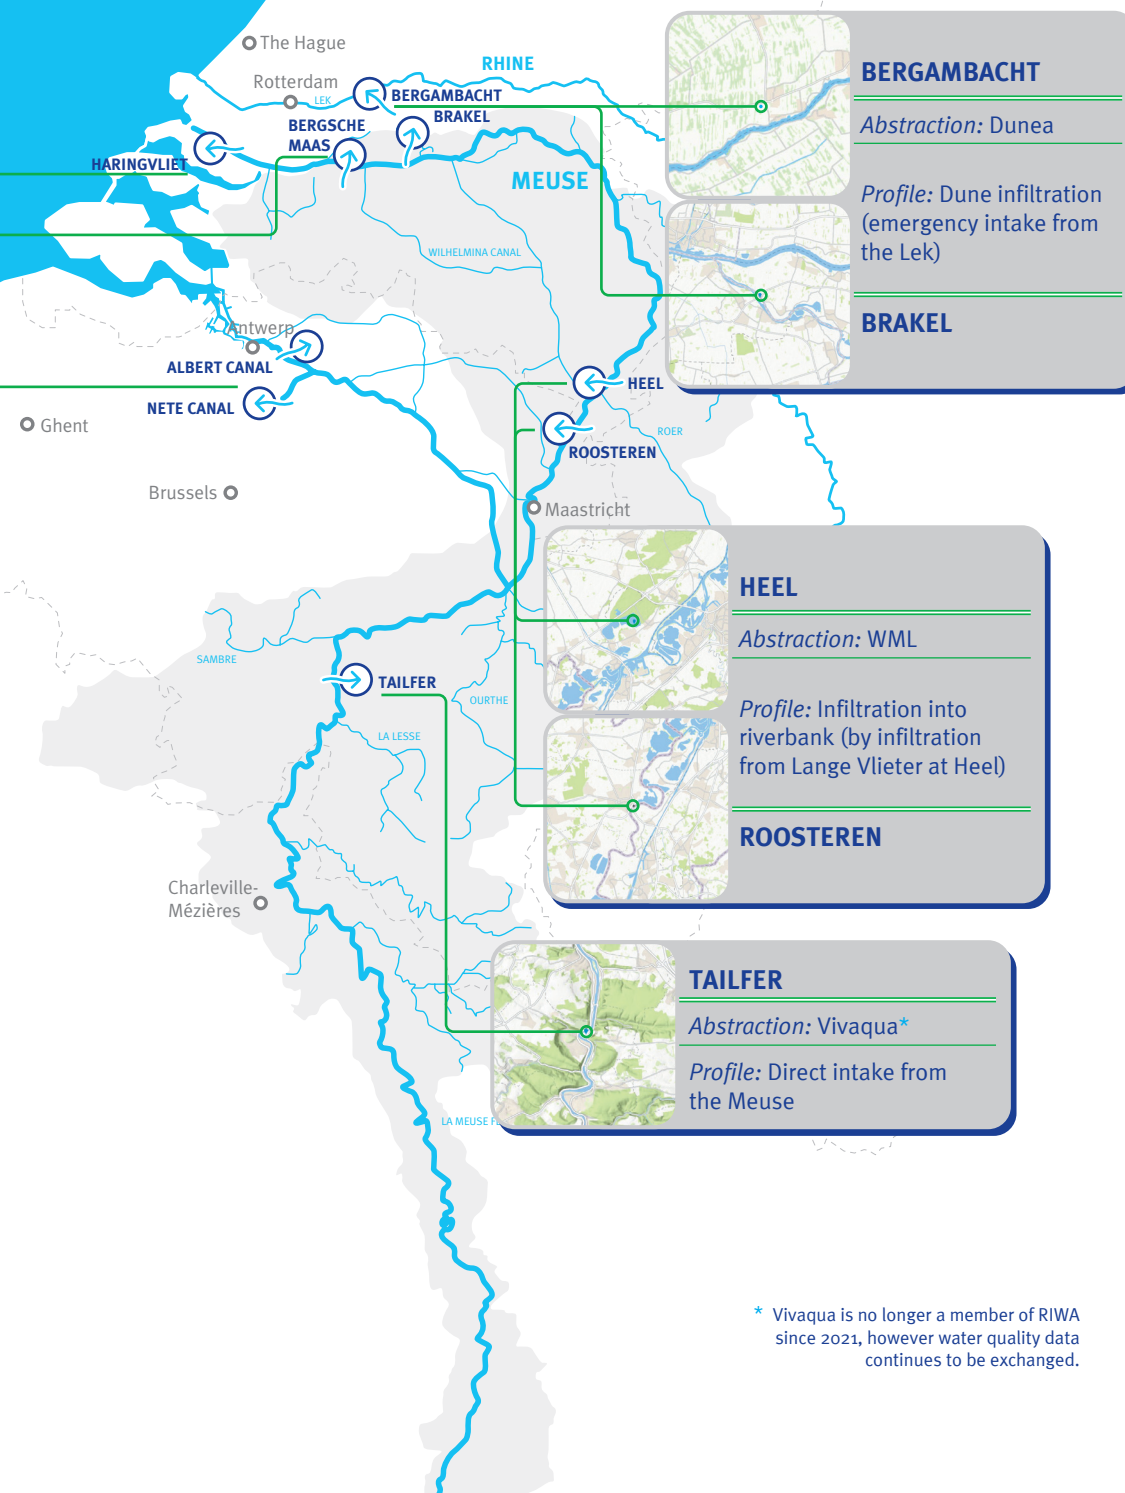

NETE CANAL

SURFACE WATER AS SOURCE FOR DRINKING WATER

RIWA-Meuse member utilities	Surface water extraction (%)	Surface water extraction (10 ⁶ m ³ /year)	Customers supplied with surface water
Evides (+WBB)	85%	203,3	2,0 million
water-link	100%	150,2	2,5 million
Dunea	100%	66,1	1,5 million
Vivaqua*	30%	34,4	750.000
WML	25%	5,9	280.000
Total		459,9	7,0 million

* Vivaqua is no longer a member of RIWA since 2021, however water quality data continues to be exchanged.
